Master of Professional Studies in Digital Media

Expected 05/2027

- Relevant Coursework: Digital Storytelling, Usability & Human Interaction.

South China University of Technology | Guangzhou, China

Bachelor of Engineering in Resources and Environment Science

06/2020

PROFESSIONAL EXPERIENCE

PC Online | Guangzhou, China

Senior Video Producer / Shooter / Editor

09/2023 – 05/2025

- Directed end-to-end production for 65+ high-end commercial videos and Architectural Digest-style home tours over an 18-month period, delivering premium content for clients including Panasonic and Dyson.
- Spearheaded content strategy for "The Most Beautiful Chinese House" social media account, driving a 120% year-over-year growth in followers (gaining 80,000+ new followers on Little Red Book).
- Independently managed post-production workflows, completing 2-3 camera multi-cam synchronization, DaVinci Resolve color grading, and audio mixing, driving single-episode views over 100,000.

Guangzhou Broadcasting Network Film and Television Channel | Guangzhou, China

Program Producer

02/2022 – 09/2023

- Led a 5-person cross-functional team (scriptwriters, VFX artists, sound engineers) to produce high-quality documentaries and TV dramas.
- Produced the award-winning film Nanyue Palace Ci (Golden Rooster Award), demonstrating strong attention to detail and quality control under strict deadlines.

Guangdong Advertising Group Co., LTD | Guangzhou, China

Commercial Director

02/2021 – 02/2022

- Designed and executed social media video campaigns for automotive clients (Benz, Peugeot), producing 20+ short-form videos optimized for mobile platforms (Douyin/TikTok) within a 3-month campaign cycle.

ACADEMIC PROJECTS

- Designed comprehensive user flows and interactive UI/UX prototypes using Figma for a conceptual Augmented Reality (AR) furniture assembly application during a recent academic project timeline.
- Directed the conceptual video packaging, animating and editing high-fidelity pitch presentations to effectively communicate spatial computing features to stakeholders..

TECHNICAL SKILLS

- Video & Design: Expert in Adobe Creative Suite, DaVinci Resolve.
- Hardware & Production: Camera Operation (Sony FX3, A7 series, Panasonic LUMIX G9M2), Gimbal Stabilization, Drone Piloting (DJI Mavic 3 Pro), Professional Interior Lighting Setup.
- Post-Production: Color Grading, Green Screen Compositing, Audio Mixing (Dialogue, SFX, BGM), Motion Graphics (MG) Animation.
